DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Black (Reg. No. 42,331) on January 6, 2006.

The application has been amended as follows:

Cancel all non-elected claims 1-20, 36-48, and 60-70.

Allowable Subject Matter

2. Claims 21-35 and 49-59 are allowed (renumbered as 1-26).
3. The following is an examiner's statement of reasons for allowance:

Many references in the art disclose a collision avoidance system comprising a plurality of sensors disposed on the trailer for determining the presence and location of objects along the blind side of the vehicle; a signal interface in the form of the junction box a control box containing a processor, wherein the processor receives signals from the sensors and the signal interface, generates a vehicle status signal as a function of the signal received from the sensor and the signal interface and drives the vehicle status signal to the display and display portions, such as found in Smithline (US

5,734,336). The prior art of record does not teach or suggest, in the claimed combination, a collision avoiding system comprising first and second stand alone sensors, each of the stand alone sensor including sensor signal interface and processor, wherein the processor of each stand alone sensor receives signals from the sensor through the signal interface and drives vehicle status signal to the interface as a function of the vehicle received from the sensor; and a display module connected to the signal interfaces that receives vehicle status signal and displays vehicle status information representative of the plurality of vehicle status signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
